RELIABLE SOLUTIONS FOR FLOORING MATERIALS

PROFESSIONALISM AND ACCOUNTABILITY

At Lanseon, we infuse Professionalism and Accountability into every aspect of our work. It's a philosophy that runs through every product we manufacture and every project we complete.

Our professionalism?

To provide exceptional and innovative flooring materials for interior spaces worldwide.

Our accountability?

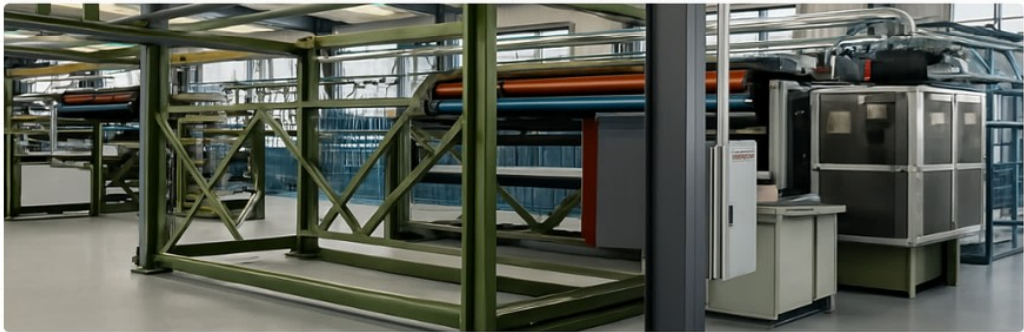

To uphold the most stringent standards for all our customers, enabling them to obtain high-quality, reliable, and sustainable products without sacrificing value.

WHO ARE WE?

LANSEON is an international, design-driven flooring materials manufacturer. Since its establishment, it has been dedicated to providing high-quality tufted product solutions to global customers. Our products include carpets, floor mats, artificial turf, and more.

We have a 10,000 square meter modern factory equipped with multiple tufting machines from top domestic brands and advanced gluing equipment, ensuring product quality and production efficiency. Our team is composed of seasoned experts who have been deeply immersed in the industry for many years, we excel in diversified and large-scale production.

We place a high value on service quality and efficiency, providing each customer with a personalized and professional service experience. At the same time, Lanseon embraces environmental sustainability, using green energy and sustainable materials to minimize the environmental impact of our production processes, with the goal of offering customers high-quality, eco-friendly tufted products.

DEFINE YOUR SPACE AESTHETICS, STARTING FROM THE GROUND UP

We are well aware that flooring materials play a vital role in interior design. Therefore, we offer a wide variety of flooring products to inspire limitless creative inspiration.

Carpet Collection: Crafted from pure natural wool, our carpets exude elegance, with rich colors and varied textures that infuse spaces with unique personality and artistic charm.

Mat Collection: Our bathroom and entryway mats provide comfort and safety while meeting your pursuit of home aesthetics.

Artificial Turf Collection: Transform monotonous concrete with our lifelike artificial turf, effortlessly creating lush green spaces for gardens, balconies, or commercial areas.

We believe that exquisite floor coverings can enhance the overall style of a space. Choose us to elevate your space's aesthetic from the ground up.

CARPET COLLECTION

Discover our Natural Wool Tufted Carpet Collection—a contemporary tribute to traditional craftsmanship. Precision-tufted on state-of-the-art machines, every carpet is woven from 100 % premium wool, celebrating the fiber's innate strength, bounce, and silken touch. Thanks to wool's natural fire resistance, soil- and stain-repellency, and hypoallergenic character, these carpets are as practical as they are beautiful.

A dense, resilient pile delivers excellent thermal and acoustic insulation, helping rooms stay warmer, quieter, and more energy-efficient. Finished in undyed neutral hues and backed with eco-friendly underlays, the collection embodies sustainable luxury designed to enrich your space for years to come.

NATURAL WOOL CARPET

Precisely machine-tufted from premium wool, this carpet is inherently stain-resistant, flame-retardant, and hypoallergenic; its fine loops cushion footsteps and regulate indoor humidity year-round, and it is available in two constructions—100 % pure wool or a wool-high-performance synthetic blend, the latter preserving wool’s comfort and safety while further enhancing abrasion resistance, and day-to-day ease of care.

Width	0-4m(0-13.12ft)

parameters support customization.

MAT COLLECTION

evate every step in your home with our Everyday Floor Mat Collection, featuring versatile mats for bathrooms, entryways, kitchens, and beyond. Crafted with premium ultra-fine polyester microfiber for superior absorbency, sumptuously soft chenille for a plush feel, and tough polypropylene for lasting durability, each mat balances comfort with performance.

Thoughtfully engineered with a dense, high-pile surface to trap moisture and debris and a sturdy non-slip backing for stability, these mats stand up to daily use with ease. Machine-washable, fade-resistant, and available in an array of modern patterns and colours—perfect for adding practical style and protection underfoot.

ARTIFICIAL TURF COLLECTION

Our artificial turf collection is meticulously engineered to satisfy both performance and aesthetic needs across a wide range of applications.

The landscape turf emulates the lush appearance and soft feel of natural grass, featuring UV-resistant polyethylene fibers and a resilient polypropylene backing. It maintains its vibrant green color year-round, is safe for children and pets, and is an ideal choice for gardens, patios, playgrounds, and rooftop terraces.

For sports venues, our athletic turf offers professional-grade performance. Constructed with durable polyethylene fibers and an infill system, it provides optimal ball roll, cushioning, and resilience. It supports a variety of sports fields, from soccer and golf to tennis, ensuring safety, durability, and low maintenance under high-intensity use.
